Dear Gentlemen:

On March 28, 1989 an inspection of your facility was conducted by Carol Graszer representing the Illinois Environmental Protection Agency. This inspection was conducted in accordance with Section 4(c) and 4(d) of the Illinois Environmental Protection Act: Ill. Rev. Stat. 1985, Chapter 111 1/2, pars. 1004(c) and (d). The purpose of this inspection was to determine your facility's compliance with the Illinois Environmental Protection Act and 35 Illinois Administrative Code, Subtitle G, Part 807: Solid Waste and Part 809: Special Waste Hauling Regulations.

The attached inspection report specifies the date and time of the inspection along with other relevant information. Items numbered one (1) thru forty-four (44) represent requirements established by the Illinois Environmental Protection Act and/or 35 Illinois Administrative Code, Subtitle G, Parts 807 and 809. At the time of the inspection apparent violations were identified. The specific apparent violation(s) are identified with an "X" on the attached inspection report.

Please submit, in writing, within fifteen (15) calendar days of the date of this letter, the reasons for the apparent violation(s) noted in the attached inspection report. Also, please describe in detail the corrective action which has been, or will be, taken to rectify the apparent violation(s) noted in the inspection report.

You are hereby advised that noncompliance with the requirements of the Illinois Environmental Protection Act and rules and regulations adopted thereunder may result in either of the following:

1. The filing of an enforcement action with the Pollution Control Board pursuant to Ill. Rev. Stat. 1987, ch. 111 1/2, pars. 1001 et seq., and in particular, Ill. Rev. Stat. 1987, ch. 111 1/2, par. 1031; or
2. The filing of a civil action in circuit court pursuant to Ill. Rev. Stat. 1987, ch. 111 1/2, par. 1042.

Potential sanctions for the legal actions described above include, but are not limited to: Assessment of civil penalties, an order to cease and desist from further violations, permit revocation, remedial action, the posting of a security instrument to assure correction of an adjudicated violation, and restraining and injunctive orders.

Be further advised that if the attached inspection report alleges violations subject to the administrative citation process, pursuant to Ill. Rev. Stat. 1987, ch. 111 1/2, par. 1031.1, this Agency may cause an administrative citation to be filed with the Pollution Control Board with respect to such alleged violations without further notice. Notwithstanding the fact that an administrative citation may be filed, you are expected to respond to this letter in order to describe the steps you have or will take to correct all of the violations noted in the inspection report and to outline a proposal for action to insure that the alleged violations will not reoccur. Please reference the IEPA designated facility number and facility name assigned above on any correspondence concerning this matter.

Your response should be sent to:
